

3/1/2021

Dear Resident/Representative,

I am happy to share with you that our staff and resident testing results from last week's Covid-19 testing showed no new cases of the virus among residents or staff. We will be testing staff today and residents on Tuesday this week. I will continue to update you with those results as we receive them.

CVS pharmacy concluded their Pfizer vaccination clinics for Willows and Reflections residents last week. This was truly a great event that was so successful due to your support and cooperation. It was wonderful to be safely distanced, however, together. I know that we were all smiling behind our masks with one another. Our hope is that vaccination brings a renewed strength to all in our ongoing efforts to stay healthy and well.

We remain in Phase 1 of the reopening plan at this time with plans for further reopening in the near future, pending further testing results.

Window and virtual visits are still available. Please call the Life Enrichment office to schedule a visit at 847 884 5306 and we'll be happy to coordinate with you.

We appreciate your ongoing support and keep all of you in our thoughts.

For any questions or concerns, please contact me at 847-884-5020
